Carver County Republican

Convention.

The Republican County Convention

met at Young America, Aug. 25th.

The convention was called to order by

C. O. Woodruff, Chairman of the County

Committee. A permanent organization

was formed with Capt. T. D. Smith,

as Chairman, and Ernst Hauila, as

Secretary.

A committee of three, on resolutions

was then appointed and reported as fol-

lows:

WHEREAS, The Republicans of Carver

county are in favor of the nomination

of Gen. J. T. Averill, of St. Paul,

for Representative to Congress from

this, the Second District of Minnesota;

Resolved, That our four delegates

to this county are instructed to use all

honorable means to secure the nomination

of Gen. J. T. Averill for Representative

to Congress at the District Con-

vention, to be held in the city of St.

Paul, Minnesota, September 1st, 1870.

Resolved, That said delegates are ex-

pected to vote for him as long as there

is any possible chance of securing his

nomination; and

WHEREAS, The Republican party is

in favor of augmenting emigration,

and desirous of holding out all fair in-

centives to accomplish the same; and

Resolved, That we are in favor of a

tariff adequate to amply remunerate la-

bor, and thereby induce emigration.

The convention then proceeded to

make the nominations, which resulted as

follows:

J. A. C. Flood was nominated for Rep-

resentative, F. H. Fleming for Auditor, Er-

nest Hauila, Peter Nelson, C. Aker-

man and M. H. H. were chosen delegates

to the Congressional Convention—all

strong Averill men.

EUROPEAN WAR.

Cable Special to the New York Sun.

Antwerp, Aug. 29. (Cable.)—The

Prussians are making a dash movement

on McMahon the same as they did on

Bazaine. This is the situation of both

armies: McMahon, as I told you, al-

ready occupies a line from Troy to Steu-

leau, and the Belgian boundary be-

hind. The Prussians are now march-

ing to Paris, deployed from Steu-

Troy and have changed their direction.

Instead of going west they are going

north. Their troops around Troy march

in the direction of Roubaix; those ar-

round Chalons in that of Suippes, and

those which were between Sedan and

Varennes in the direction of Reims, by

Grand Pre and Vouziers, while a strong

force is at Metz, observing the left of

McMahon at Steu-leau. Meanwhile a

strong Prussian force is advancing from

Luneville and Joinville to St. Dizier.

The headquarters of the King were

Charleville and Ardennes. Sixty thou-

sand troops have left Paris to join Mc-

Mahon, and are already beyond Mousson.

They are in excellent order and the best

spirits, and a feeling of confidence seems

to animate the entire force.

A CAVALRY FIGHT.

London, Aug. 20. (Midnight.)—Gens.

Froissard and Bourbank have been

wounded.

A dispatch dated Headquarters King

of Prussia, Sunday evening, says: "Yer-

today there was an action between the

3d regiment of Saxony horse, supported

by a squadron of 18th cavalry, and the

French chasseurs, near the square. Our

troops were victorious. The French

commanders were wounded and taken

prisoner."

London, Aug. 30. 10:30 A. M.—The

following news from the French war of-

ice is just received: 300,000 men are

now in a triangle formed by lines running

to Rheims, to Metz, and to Sedan. Bazaine

is not shut up. He has 120,000 men, and

McMahon is 110,000 strong. They are

stealing marches on the Prince Royal,

who has two days ahead of Prince Fred-

Charles. He therefore cannot come up

in time.

Fifty thousand men left Paris Monday

for the vicinity of Reims. It is said

the Prussian force there is 500,000

strong.

BREUSEL, Aug. 30.—Belgian troops

are hastening to the frontier from all

quarters. A great battle between the

French and Prussians is apparently im-

minent and the services of Belgian troops

will no doubt be necessary to keep their

country from invasion.

BREUSEL, Aug. 30.—The investment

of Longwy, by the Prussians, reported

yesterday, is denied. McMahon's head-

quarters are at Sedan.

London, Aug. 30.—The French says

the dispatch to Reims, senior, Sedan

and Metz are in excellent condi-

tion and steadily will be seen of the

next general action.

The Times quite agrees with Prussia

that the French must be taught to know

the power of its neighbors.

McMahon's extraordinary move may

have delayed the Crown Prince's ad-

vance at any time but it is easy.

London papers are positively deluged

as to the position of hostile armies as the

war progresses made confusion

were confounded.

Paris, Aug. 30.—Nothing has been

received from the front, except rumors

of engagements terminating in favor of

the French.

The country papers are now begin-

ning to receive the French scouts in

giving precise information of the

movements of the enemy.

Officers and others from the front

insist that a great battle was fought

Sunday, the 27th, and that Bazaine

and McMahon gained an immense ad-

vantage. They say McMahon expects

by this time to meet the army of the

Crown Prince, to which reinforcements

are constantly arriving. There is

no doubt that a great mobile de-

tailed to take place at once. The

French troops are in excellent condi-

tion. Gen. McMahon has been large-

NOTICE.

Notice is hereby given to the taxpayers of

Carver County, that the board of Equalization,

will meet at the Court House in Chaska,

on Tuesday, September 1st, 1870. All those

feeling themselves aggrieved will appear and lay

their complaint before the board.

PETER WEGG,

County Auditor.

Minneapolis and St. Louis

Rail Road.

The company have already begun work

at this end of the route. A large gang

of men are at work at Carver, and a

second gang will be set at work this week

at or near Chaska. We are informed

by the Engineer, Col. Clough, that it is

the intention of the Company to have

the line graded through from Minne-

apolis to Carver before the 1st of Decem-

ber next.

A notice of the time of the appoint-

ment of commissioner to appraise dam-

ages for lands taken for the use of the

company appears in another column.

Teacher's Examinations.

Notice is hereby given that a public

examination of "candidates" for the

school room, will be held in the town of

Lakewood, at Mr. Poppitz Hall, at 11 o-

clock a. m., on Friday, September 3rd,

1870.

Also in the town of Chanhassen, at the

district school house, in district No. 15th

at 11 o'clock a. m. on Saturday, Sept.

10th 1870.

Teachers having formerly held cer-

tificates will bring the same with them.

Chaska Aug. 29th 1870.

F. E. Du Toit, Supt.

CONTRACT LET.—Messrs. Entrop

and Grates were the lowest bidders on

the Church contract, consequently the

job was awarded to them. Their bid

was \$900. As both Mr. Entrop and

Grates are first class workmen, it is

fair to presume that the workmanship

will be of the first order, and an honor

and credit to the village.

COUNTY COMMISSIONERS.—The

board of County Commissioners will

convene at the Court House on Tuesday,

September 6th 1870. This session of

the board will be an important one.

Taxes will have to be equalized and a

jury drawn. Those feeling themselves

in any way aggrieved will have to attend

this session of the board to get their

matter righted.

GONE EAST.—Mr. Linenfelser, of the

firm of Linenfelser & Faber, of this place,

left for Chicago and Milwaukee, on Mon-

day morning last, after a fall and winter

supply of goods. Mr. L. always buys a

large assortment of goods and sells at low

prices.

CRAB APPLES.—We are under obli-

gations to Mr. E. Poppitz of Lakewood

for a fine mess of crab apples. They

were large and fine flavored.

RETURNED.—We are pleased to wel-

come back to our village of friend R. N.

Improvement.—Jas. H. is erecting

an addition to his wagon shop. A sign

of prosperity, that we are glad to record.

During the past 30 years, (says the

late Dr. Geo. H. Dodd) much of the

lives stock of the country has been

outrageously over-dressed and over-

done. Many people supposing that by

converting a sick horse's stomach into a

sort of apothecary's shop and grocery

store the sooner would he get well, when

the very reverse is the case. Horses

and cattle require but little medicine in

most cases, but this should always be of

an alternative yet salutary character.

The best alternative and curative re-

medies for Horses and Cattle ever known

to science, containing no antimony or o-

ther agent that can possibly have a bad

effect on the system of any living crea-

ture, yet calculated to be potent in the

cure of any disease, are the justly cele-

brated "AMERICAN MAGNETIC

REMEDIES" prepared by LORR SMITH

& Co., 36 W. Wabash Avenue, Chicago, who

also publish a valuable "Treatise" on all

diseases in Horses and Cattle, and will

MYSTICISM.

I was only a little broken hearted.
Yesterday,
When he and I so coldly parted.
On our way.
I had thought him of many kindreds.
Some meaning here,
It was all my foolish blindness.
Nothing more!
I do not think that I shall sorrow,
Not much at all;
I shall meet him on the morrow,
My love-dreams
Of my foolish fancy only
Passed away.
And perhaps I shall be lucky
Just today!

Two Napoleons—The Uncle and the Nephew.

In the life of Queen Hortense, recently

published by the Harpers, we read an in-

teresting sketch of the early life of the

present emperor:

Louis and Hortense were an ill assort-

ed couple, together by the ambition of

Josephine and the exigencies of state.

The emperor, with no hope for an heir, his

husband for successor to the imperial

throne, arranged this unfortunate marriage

between his favorite brother and her only

daughter, feeling perhaps a dim fore-

shadowing that on some distant day his

grandchild might sit upon the throne of

France and Maria, more hapless than he,

his other daughter, Josephine, without issue,

and this decree was submitted to the

people and ratified by a vote of 5,523,675

to 2,599.

Madame Cochelet in her interesting

memoirs says: "I have frequently seen

Queens Hortense and her two boys on the

knees and talk with them in order to

form their ideas. It was a curious conver-

sation, for the children were the pupils

of the emperor, when those children were

the heirs of so many crowns which the em-

peror was distributing to his children, and

From Trains: 8:45 A. M., 5:40 P. M., 8:10 P. M.

J. F. Lincoln, Sept.

POTATOES FOR SALE. - Chas. Lullhoff of Dahlgreen, will offer a few bushels of the celebrated Early Rose potatoes for sale at the County Fair. They are an early, mealy and fine tasting variety, and very free from rot. He planted his on the 20th of May, and in six weeks thereafter were ready for table use. A great share of them weighs over a pound each. He charges 50 cents per bushel.

Mr. Lullhoff has expended much time and money in experimenting in fruit culture and for the benefit of the farmers at large.

RECEIVED. - We understand that the agricultural society has received \$11.11 from the State Treasury - a sum very acceptable indeed. In answer to inquiries we would say that those wishing to join the society, can do so by notifying the Secretary and paying \$1.00, which also allows them to enter articles for premiums.

JURY. - The following is a list of the Grand and Petit Jurors for the September term of Court.

GRAND JURY.

William Macdonald, Henry Lukau, John Gengies, William Schrie, F. Z. Toft, Charles Dietel, John Kerkor, A. W. Tiffany, Frank Hess, John Treuwe, Robert Patterson, F. L. Lewis.

PETIT JURY.

Frederick Schmidt, Henry Schwartz, Jacob Elzing, Jacob Heilhoff, Nils Anderson, Henry Gehl, Charles Danwallter, Theodore Juiger, Ferdinand Thier, Gerhard Engelen, G. W. Smith, Frederick Doltz.

THE MANKATO. - The Mankato, our old favorite, continues to make tri-weekly trips between Carver and St. Paul, and as usual is offered by able and accommodating gentlemen. Capt. James Houghton treks the roof, and is known and respected by all who has business with the Mankato. Mr. Lanus, occupies the office and has already gained an army of friends. We recommend the Mankato to all having freight &c., to receive or forward to St. Paul and points below.

LARGE SHIPMENT. - The Mankato, on her downward trip last Saturday, loaded quite heavily at our port. Henry Young shipped the following articles:

75,000 Hoop poles.

1,000 bushels of Oats.

1,000 bushels of Barley.

Shippers, Linenfelser & Faber also shipped 1,600 bushels of wheat.

PERSONAL. - Chas. Lullhoff of Dahlgreen is in town on business on Tuesday.

J. G. Metzold of Laketown, called on Tuesday.

Peter Wegg, County Auditor, made a trip to Glenwood, McLeod county, on County business.

The Carver County delegation to the Democratic congressional convention, went down on Thursday afternoon.

ANNUAL FESTIVAL. - The "Pioneer Manner" of Young America, celebrated their 9th annual "birth-day" last Sunday, by a very entertaining bill of fare. The music was excellent, the singing was excellent, the playing was excellent - in fact the whole thing was superb. The audience was very large, all parts of the county being represented. The play in the evening was extremely well rendered, and reflected much honor on the participants, who could well claim the title of "professionals" instead of "amateurs" in the play line. The village of Young America is steadily improving and seems extremely prosperous.

NEW GOODS. - Messrs. Linenfelser & Faber, have received a very large assortment of Dry Goods, Clothing, Hats and caps and Boots and Shoes direct from Chicago, which they offer to the public cheap for cash.

Henry Young has also received a large assortment of goods, which he is dealing out to the public regardless of cost.

MARKET PRICES.

The following is the present market prices of grain in Chaska.

Wheat 70 cents per bushel.

Barley 60 to 63 cts. per bushel.

Oats 40 cts. per bushel.

Corn 50 cts. per bushel.

Potatoes \$1.00 per bushel.

LAST BALL OF THE SEASON. - Peter Hilt intends to give the last ball of the season on Monday, the 19th day of Sept. 1870. A good time is anticipated. Come one, come all. The Shakopee Brass Band is to be present.

MILL. - The Steam Mill is under full headway, and runs steadily every day turning out some 100 barrels of flour per day, of the very best quality. Mr. Toucy has full charge of the establishment. Louis Kronschnabel is the new engineer.

BARLEY. - Barley is literally "pouring in." Tuesday Henry Young received 25 loads, and Linenfelser & Faber were busy all day handling barley. Warner also received a large amount. It brought on that day 60 cts. but has since dropped down to 55.

CO. BOARD. - The proceedings of the board of county commissioners will be concluded next week.

DISTRICT COURT. - All those interested should bear in mind that the fall term of the district court convenes Sept. 20th this year. Judge Brown presiding, parties wishing their second papers should call on the clerk of court, G. Krayenbuhl, during the session of the court. The court calendar is not very large this year.

THE POPULATION OF THE STATE is sufficiently ascertained to warrant the statement that it will fall a little short of 500,000, about two-thirds of which reside south of the Minnesota river.

A gentleman from Bethel Hill, Me., says that Messrs. Allen Bros., proprietors of Philip Allen's Print Works R. I., were down to Bryant's Pond recently, treating when one of them was attacked with sciatic rheumatism suddenly, that he had to be carried from the pond to his hotel, a bottle of Johnson's Anodyne Liniment was resorted to, and he was out next day.

Democratic State Convention.

The Democratic State Convention, met in St. Paul on the 15th inst. and was largely attended, every county in the district being fully represented.—

Gen. Sidney presiding. The convention adopted the following platform with great applause.

Resolved, That the Democratic party now, as ever heretofore, deny the constitutional right of Congress to collect revenue from the people except for the economical support of the government.—

People's Convention.

The People's Mass Convention, of which so much has been said, assembled at Waconia last Saturday, and after a careful count it was found to consist of 21 persons—all or nearly all candidates.

A committee of 3 nominated the following candidates for county offices:

Herman Logering, Representative.

Jean de Ville, Auditor.

Johanna Truett, Commr. 5th Dist.

They also passed some immaterial resolutions, after which they adjourned.

It was a lame affair throughout, and even disappointed its enemies.

COUNTY FAIR.

As this is our last issue previous to the County fair, we would again urge our farmers to attend and make it a complete success. No posters of the time of the fair has been circulated, which may in a measure, have the effect of lessening the number of entries.

It seems to us that the officers of the fair have been a little lax in the discharge of their duties, yet we hope and bespeak for the fair a success.

GRAPES.—Mr. F. Thies, of this village has placed us under obligations for a fine cluster of Isabella grapes of his own culture.

Mr. Thies intends ultimately to engage quite extensively in the culture of grapes and is now experimenting upon the best variety. We wish him success.

FLOUR SHIPMENT.—The Steam Mill

Company have already made several shipments of flour to Chicago and New York. They are running steady and each day turn out a large amount of flour. They also do exchange business with farmers.

BUSINESS LAZINESS.—Business

has been very good for the past two weeks and is still better. Very large quantities of barley have been and is being received and commands good prices, running as high as 70 cents per bushel.

DISTRICT COURT.—The District Court

is in session, Judge Brown presiding. There are but a few jury trials, yet they occupied much time, being important cases. The Grand Jury has also been at work, what they will bring forth is yet a mystery.

PERSONAL.—Judge Brown, Hon. J.

L. McDonald, Henry Hinds, capt. Brown, and E. Smith, Attorneys of Shakopee, were in town during the week on attendance at our court.

Judge Chatfield, F. J. Whitlock and J. H. Chatterton, were also in the village on legal business.

SCHOOL LANDS FOR SALE.—We

publish in another column the advertisement of the sale of the remaining school lands in this county. The sale takes place October the 8th inst. Read the advertisement.

BRASS BAND.—The Watertown Brass

Band, under the leadership of one of the institutions of Watertown. They have splendid instruments and are delighting the people wherever they play. We recommend this band to the consideration of the music loving people of the county.

REMEMBER.—The county fair next

Saturday and make it a success by your presence, with a large display of the products of the soil.

APPREHENDED.—Two persons

suspected of stealing horses in San Francisco, in this county, were arrested at Hastings a few days ago, and kept in custody until Sheriff Hecklin was sent for, who lodged them in the county Jail on Wednesday to await an examination. The names of the parties arrested are John Larsen and John Alquist. They are charged with various thefts in the horse flesh line, and will probably have to undergo a severe ordeal.

Admitted to Practice.

Joe H. Chatterton, of Belle Plaine,

Scott, county after duly passing the examination required by law was admitted by Judge Brown of the Dist. court to practice in all the courts in the state. We are not personally much acquainted with Mr. Chatterton but are informed that he is a young man of much promise and we trust that his highest hope of success in his profession may be more than realized.

Equine Powders, Liniment and Ointment.

Equine Remedies the best extant.

Save your Horses by Equine Remedies.

Equine Remedies never fail.

Save your Cattle by Equine Remedies.

Equine Remedies never fail.

We have often wondered whether there is a person in all New England, who does not know and appreciate the value of Johnson's Anodyne Liniment as a family medicine? It is adapted to all purposes, and is the best pain killer that can be used.

Farmers and stock raisers have frequently told us that they have seen very good results from giving Sheridan's Swine Condition Powders to cows and sows before and after they drop their young. The powders put them in good condition, and give them strength to care and provide for the sucklings.

Defeat of the Land for Bond Bill.

The clause in the bill requiring the deposit of 2,000 bonds before any of the terms of the act could be made available, has killed the whole bill. Only 981 bonds have been deposited and the remainder of the bond holders have declared their intention of not taking advantage of the act. The St. Paul Press now proposes that the next Legislature be asked to change its provisions so that any bond holder who chooses can accept the terms of its provisions.

We will accept this amendment and will oppose the paying of the bonds in any other way, not only now but in all future time.

NO RISE in the price of wheat

for some time to come, seems to be predicted by good judges of the wheat market. Among the reasons for this conclusion may be mentioned: Two million bushels of old wheat yet to be handled; a corn crop large everywhere and breadstuffs unequaled; elevators on the lakes all choked with the old crop; bins of heated grain reported every day by the Chicago Board of Trade; and freight tariffs on New York roads going up, while the glut at the great grain marts of the West continues, and is daily increasing.

WAR NEWS.

Special Cable Dispatch to N. Y. Herald.

Sept. 20.—A telegraphic dispatch from Orleans today says an engagement to place at Vieux. Twenty-five thousand French, massed near the northern part of the town, were attacked by 15,000 Prussians. The Prussians were moved down by the French artillery, but after considerable loss they recrossed the river in good order, and fell back on another army corps.

Favorable results are expected from the mission of Jules Favre, and it is believed that the conditions of peace will be fixed simultaneously with the cessation of hostilities.

THE PEACE NEGOTIATIONS.

Tonight Sept. 20.—It is reported as the result of the interview between Jules Favre and King William, that the hope of speedy peace has not been brightened. Prussia is not disposed to consent to an armistice. If there is to be peace at all, it must be settled immediately. Thiers left here this morning after an interview with Clemenceau. It is assumed that England has favorably received Thiers' explanations, and that she is prepared to act jointly with Prussia and Austria, if they also accept the proposition of Thiers.

THE BATTLE OF MONDAY.

Advices from Orleans attribute great importance to the engagement at Corbel yesterday. The Prussians suffered much from the French artillery hidden in the woods. The battle lasted nearly all day, and the Prussians were at length forced to retreat.

It is reported that the Prussians were badly defeated yesterday, in an attempt to storm Fort Montval, on the west side of Paris.

London, Sept. 20.—The Prussians have distributed a large armed police force throughout Alsace and Lorraine.

Advices from Nice and Montone represent things there entirely quiet.

Gen. Von Steinmetz was relieved of command so as to leave Prince Frederick Charles the credit of reducing Metz.

The General has been appointed Governor of Posen and Silesia.

Gen. Cluseret is placarding the walls of Paris with an inflammatory address against the government.

Resolutions were passed by the government of Lyons, in case of surrender by the Germans the right to capture the city shall not be recognized by the city of Lyons, and that the people will defend the country to the last man.

The last sentence is a great mistake.
